I hope you can join me for the next Kitchen Cabinet meeting on **June 13 from 12:00 pm to 1:30 pm** at CCA. We will be joined by Commissioner Kevin James, President of the Board of Public Works, and representatives from the Public Works departments including: Street Services, Lighting, Trees, Sanitation, Engineering and Contract Administration. Each of these departments plays a significant role in new development, and are partnering with CCA to improve regulations and processes. Based on your feedback from our last Kitchen Cabinet meeting, I felt it was important to convene this group and invite the Public Works departments. These departments are often overlooked when discussing development services reform, but are vital partners in building a better Downtown. CCA started Kitchen Cabinet meetings in partnership with the Los Angeles Fire Department and the Los Angeles Department of Building and Safety to bring together the development industry with City departments to solve challenges. We are fortunate to have Chief Terrazas and Frank Bush, General Manager of Building and Safety, joining us at this meeting as well.

Jessica
